From the Files of The Rocky Mountain News

An escort came to town yesterday from Fort Lyon and are to accompany Major Crawford, the Paymaster for this Department, who goes down the Platte today or tomorrow, and will make glad the hearts of the boys in blue, by forking over to them the greenbacks due from our venerable Uncle to his brave defenders.

Capt. Stillwell started to join his command at Camp Fillmore today. Capt. Jacobs will leave for Fort Lyon, where his company is, next week. The evidence collected by the Military Commission on the Sand Creek affair was forwarded to Washington on the 1st ult.

We were shown yesterday, by Mr. George Lane, Superintendent of the Mint, a fine lot of nuggets, some of them of very respectable size, from Cache Creek District. Mr. Lane says that many parties are only waiting the melting of snow ere beginning operations in the Red Mountain District, and that they are very hopeful of rich rewards.

Will Reach Underground Strong Box Wednesday

1937
WASHINGTON, Jan. 12.—(AP)
—The treasury announced Tuesday night that it has begun to move a mammoth gold hoard to a new steel and granite depository at Fort Knox, Ky.

Guarded by soldiers, secret service men, postoffice inspectors and mint guards, the first shipment moved out of the Philadelphia mint Tuesday morning. The bullion will reach Fort Knox Wednesday.

It is the first of a series of transfers which will eventually put four billion dollars of the gleaming metal into the fortress-like Kentucky strongbox.

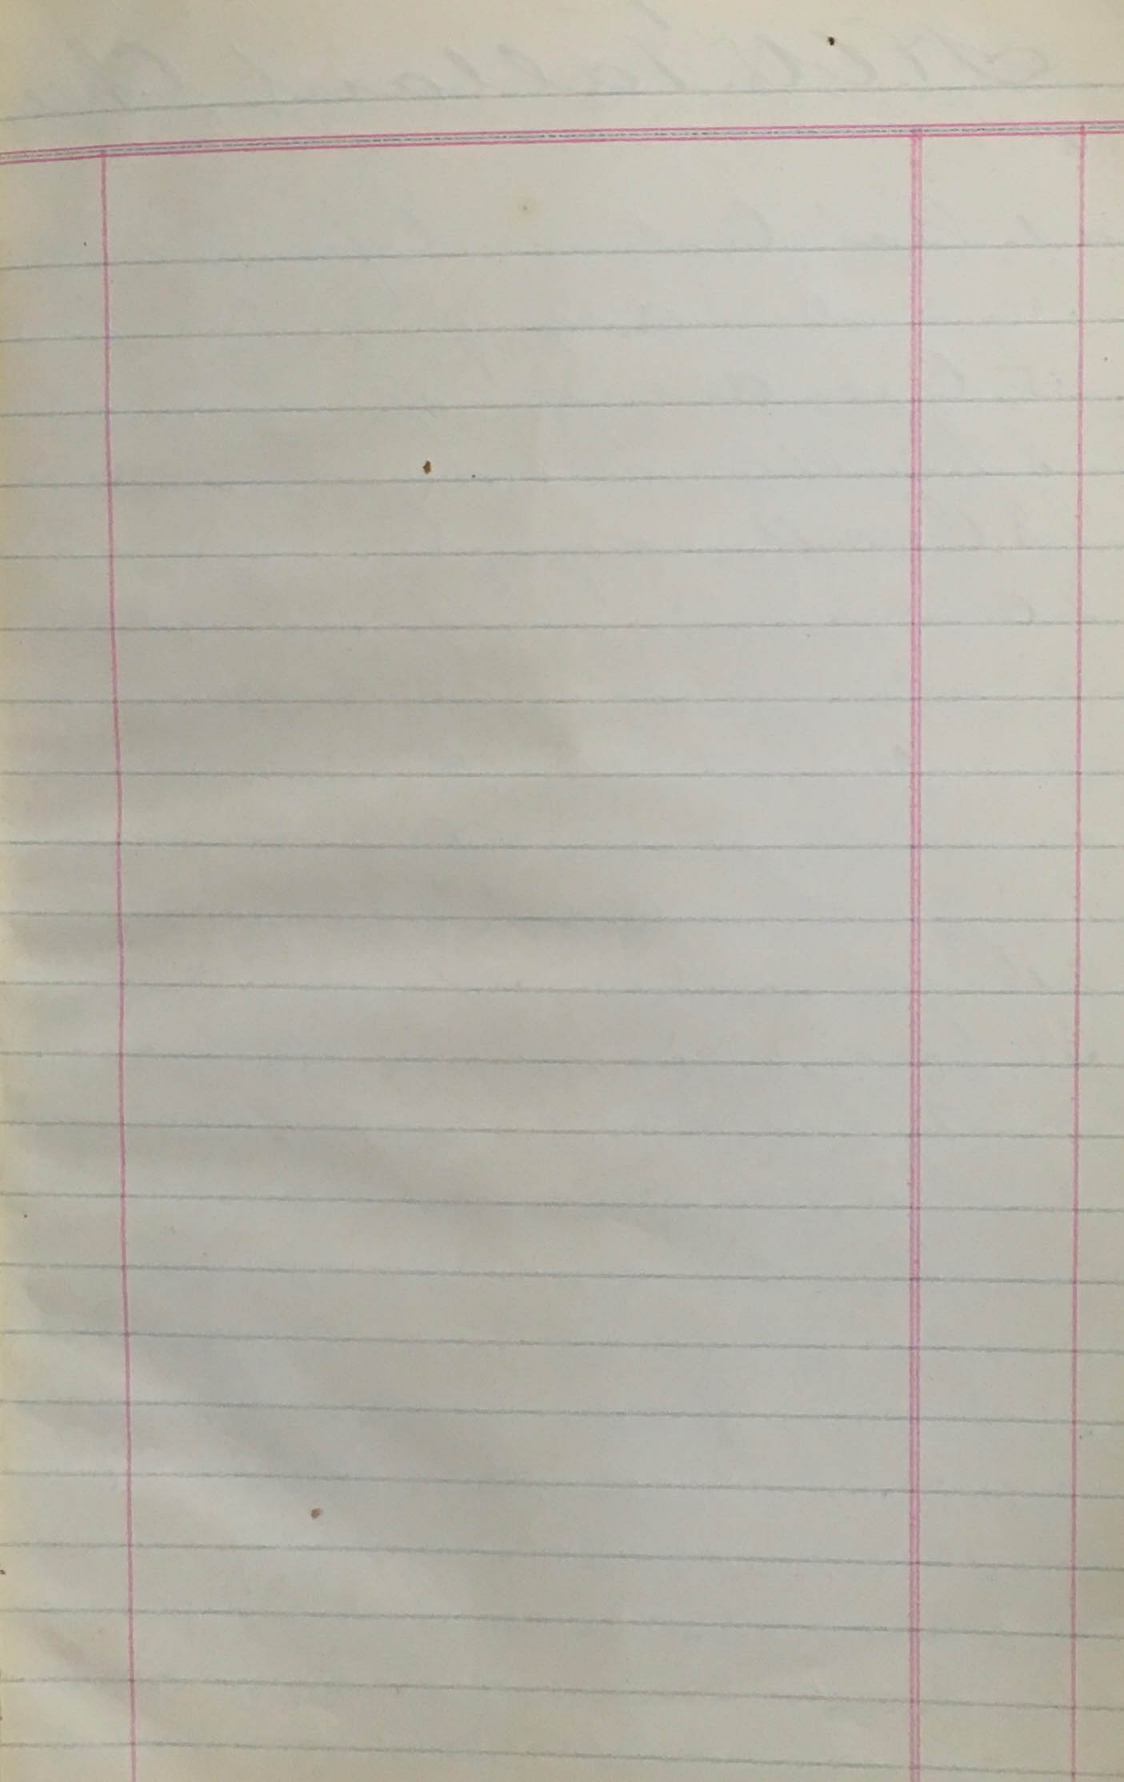

thoroly enjoyed by the 1,200 persons who filled the Greeley State gym.

Al Pirnat, husky little Denver forward, and towering Jimmy Babcock were the pace-setters for the visiting Crimson.

Pirnat was the leading scorer of the evening with 15 points on his five field goals and five free throws. Babcock, held fairly well in check compared to previous performances, crashed thru with nine points for the Pioneers while Fred Dreher, guard, counted four field goals.

Reed was second to Pirnat in the scoring column with 14 points, but the entire Greeley team took turns at pounding the backboard and all shared in the scoring.

Denver caged 12 of 14 chances at free throws, while Greeley succeeded at nine of 19 tries. Cromer's long shots, Reed's one-handed shooting and Robertson's neat

From the Files of The Rocky Mountain News

About six o'clock last evening the wires got down east of Valley Station, and have kept dumb as beetles ever since, so that we reluctantly must go to press without a line additional from Grant or Lee, Ed. Stanton, or from "any other man."

From reliable parties and passengers from the Missouri to this place, we are assured that every thing is tranquil overland—that no fears need be entertained by the season's emigration from the Indians on the through Platte route, as sufficient forces of the military are now being stationed at every point where necessary to defend the travel on the line, and military matters are being so systematized that the security will be ample.

It is positively known that there are no Indians nearer than the North Fork of the Platte, up there towards Dacotah. Will our editorial friends through the river towns and the States at large please place those facts before the public who may want to take their way westward, with the "star of empire" to those hills of gold and plains of progress?

Geo. E. Crater, Esq., Chief Clerk of the Branch Mint, went to the States on Thursday, to return here after a brief stay among his friends on the Atlantic coast. Mr. Crater carries the wishes of many friends along with him, who hope to have the pleasure of hearing of his safe return through the Indian country.
